

Cincinnati State - Occupational Therapy Assistant

Credentialing, Graduation Rates, and NBCOT Pass Rates

Credentialing

Graduates of the program will be eligible to sit for the national certification examination for the Occupational Therapy Assistant, administered by the National Board for Certification of Occupational Therapy (NBCOT). After successful completion of this exam, the graduate will be a Certified Occupational Therapy Assistant (COTA).

In addition, most states, including Ohio, require licensure to practice; however, state licenses are usually based on the results of the NBCOT certification examination. A felony conviction may affect a graduate's ability to sit for the NBCOT examination or attain state licensure.
