

ACFEF AC Program Outcomes and Success Measures

Program Name: Culinary Arts Technology

Program Outcome 1: Graduation Rates

Calendar Year	Students Available for Graduation	On-time Graduates	On-time Completion Rate (% = On-time Grads/Students Graduating in Calendar Year)
2018-2019	30	19	63%
2019-2020*	33	17	51%
2020-2021	17	12	71%

*On-time graduation was limited in 19-20 due to COVID-19 restrictions on in-person classwork.

Program Outcome 2: Job Placement Rate

Graduation Year	% of Grads Employed in Related Field	% of Grads Employed in Unrelated Field	% of Grads Continuing Education: Related Field	% of Grads Continuing Education: Unrelated Field	% of Grads Not Employed	% of Grads Status Unknown**
2017-2018	61%	4%	7%	0%	N/A	28%
2018-2019***	43%	3%	0%	0%	N/A	53%

**Employment data is pulled approximately one year after graduation (quarter 2 of the following year) from the Ohio Department of Job & Family Services. This data source does not include information on self-employment; as such, graduates who run their own businesses are counted in the “unknown” category.

***The second quarter for 18-19 grads was April to June of 2020 when unemployment for individuals in the culinary industry was very high due to COVID-19 closures. Employment data for the 2019-2020 grads in Quarter 2 of 2021 will be available from the state in October 2021.

Program Outcome 3: Students Obtaining ACF Certification

As The Midwest Culinary Institute is an ACFEF accredited program, our graduates are not required to take certification exams but merely submit the required application and documentation to the ACF.

Percent of students that become certified within a year of graduation.

		Graduates	Certified within a year	Certified After Graduation		
Culinary		166	3%	14.50%		
Pastry		91	7.70%	12.10%
