Hear from our 2020 distinguished alumni [Jason Asic, COO Mercy Health West](#). Additional stories may be found on [Vimeo!](#)

## Student of the Month: Jillian Gavigan

"There are so many benefits to attending a smaller school. It is a much less intimidating environment, and there are so many ways to get involved. It's also a great feeling to have all of your professors & classmates know you by name. Cincinnati State has made me feel so valued and welcome throughout my time here, and I would highly recommend visiting to see for yourself!"

## College Credit Plus: Focus on First!

CCP students who Focus on First can truly maximize the benefits of CCP when they head off to College.

How can you help them? By also Focusing on First!

Let us help you get students to their first Semester, first year, or even their first degree!

Training and professional development opportunities are available for school districts and counselors who are looking to demystify the CCP advising process, develop first semester pathways, and maximize their in-high school offerings.
