Any person enrolled either full time or part time at Cincinnati State may create a student club/organization. A student organization may be defined as a group of students forming an association who share the same academic social, recreational, political or other special interest. A new organization must not duplicate the purpose of an existing club/organization.

All clubs/organizations must adhere to all Cincinnati State policies and procedures. Clubs and organizations may not engage in events without the knowledge and approval of the respective advisor and the Office of Student Activities.
