Admission Checklist

Step 1. Apply

☐ Submit an online application at
www.apply.cincinnatistate.edu

Step 2. Request Official Documents

☐ High School Transcript or GED Test Scores

☐ College Transcripts (if college courses have been completed)

Official Documents may be sent directly from the school electronically or by mail. Students may order transcripts online through their school's website using Naviance, Parchment, or the National Student Clearinghouse for example, or the school may forward official documents via email to adm@cincinnatistate.edu, fax (513) 569-1562 or mail to:

Cincinnati State Office of Admissions
3520 Central Parkway
Cincinnati OH 45223-2690

For additional information regarding the admission process visit cincinnatistate.edu/admissions

Ⓗ *Program available at Harrison Campus*
ⓞ *Program available Online*

All programs are available at the Clifton campus except Aviation programs

Become a CState Student

Schedule an appointment to meet with a college representative online at **cincinnatistate.edu/visit** to learn more about our degrees and certificates, transfer agreements, admissions and financial aid.

Cincinnati State prepares you for life after graduation, whether it's starting a new career, learning a new skill for promotion, or earning your bachelor's degree. As Cincinnati's premier career college, we offer more than 130 degree and certificate programs as well as a highly interactive learning environment, with small class sizes and seasoned instructors.

Experiential learning through co-op, internships or clinical rotations provides you with an advantage that will make you stand out in the job market and lead to employment offers after graduation. Already work in your desired career field? Talk with your advisor about options to apply that work toward your experiential learning requirement or opportunities for prior learning assessment.

Affordable tuition allows you to save on average 30-50% of tuition compared to most four-year public universities. Whether you plan to complete the first two years of your bachelor's degree at Cincinnati State or go directly into the workforce, you will learn more and go further while spending less. Our financial aid office will assist you with scholarships and completing the FAFSA for grants and loans. On campus work-study positions are also available.

Because we have formal **transfer** agreements with over 20 four-year institutions and credit that is accepted all over the country, you can save on tuition by completing the first two years of your bachelor's degree at Cincinnati State and then transfer. Our transfer partners offer special incentives such as transfer pathways, scholarships, and even admission to their honors program to qualified students. We also have partnerships with Wilmington, Miami Regionals, and Mount St. Joseph University that allow you to earn your bachelor's degree onsite at the Clifton campus.

We know you may be busy working and taking care of family obligations while enrolled in classes. That's why we offer flexible scheduling with day, evening, weekend and online classes and programs. The Clifton campus also offers daycare for students with children.

IMPORTANT DATES**
