OFFERINGS

Cincinnati State Mission Statement

Cincinnati State provides access, opportunity, and support in achieving success for individuals seeking exceptional technical, transfer and experiential/cooperative education and workforce training.

Workforce Development Center Mission Statement

WDC provides affordable, innovative, quality training, and educational solutions that exceed the needs and expectations of our customers while contributing to the strength of our region's workforce, thereby resulting in positive bottom-line improvements for our employers and our economy.

Why choose the Cincinnati State Workforce Development Center?

The Workforce Development Center (WDC) at Cincinnati State is our region's leading workforce training and education center. WDC offers convenient, flexible, hands-on training, tailor-made to help you get ahead. Whether you're interested in new skills for a career change, expertise for career advancement, or improved business unit results for your company, our programs give you and your company a competitive edge in today's workplace.

Convenient and Affordable

WDC delivers highly-customized training programs where you need it; at our Evendale facility, at your location, or anywhere that meets your organization's needs.

Degree Pathway

Students taking courses through the Workforce Development Center may earn college credits that can apply toward the completion of the Applied Technology Specialist (ATSP) Associate Degree. Most WDC courses also carry college credit; Talk with a WDC representative to see how a WDC program can help jump-start your college career.

Industrial Maintenance Technology

Enrollment Information

(513) 569-1643
askWDC@cincinnatiatstate.edu

Our courses are comprehensive, hands-on, and taught at an accelerated pace to help you excel in your workplace and can be applied directly to degrees and advanced certifications. We also offer customized training, short-term credentials and certifications, as well as assessments that can be completed on campus or at your site. Trust us to give you the tools you need to succeed.

WDC is an official PMMI educational partner and exam center.

INDUSTRIAL ELECTRICAL TECHNICIAN CERTIFICATE (IETC)

EVENDALE \$7,074 274

This program was crafted by experienced professionals to provide individuals with the skill needed to thrive in entry-level electrical maintenance technician positions. Through comprehensive hands-on training, one will develop your troubleshooting skills and gain the knowledge necessary to succeed in this field.

COURSES

- Shop Math*
- Industrial Electricity*
- Industrial Power Systems
- Electrical Safety
- Electrical Ladder Diagrams
- Motor Controls
- Sensors for Industrial Control System
- PLC 1
- Industrial Electrical Troubleshooting.

START	END	DAYS	TIMES
9/8/2025	5/13/2026	M/W	5:30 PM – 9:30 PM
9/9/2025	5/14/2026	T/R	5:30 PM – 9:30 PM
9/7/2026	5/12/2026	M/W	5:30 PM – 9:30 PM
9/8/2026	5/20/2027	T/R	5:30 PM – 9:30 PM

*May be waived with successful completion of an assessment or by instructor's evaluation of past experience.

Industrial Maintenance Technology

INDUSTRIAL CONTROLS AND INSTRUMENTATION CERTIFICATE (ICIC)

 EVENDALE
  \$5,482
  208
 

Get trained by ISA-certified controls experts in just 25 weeks to become an industrial controls technician. This 184-hour program includes hands-on training in electrical controls, sensors, variable frequency drives, DMCS systems, controller tuning, and calibrations. You'll also have access to industrial controls labs and a pilot plant. After completing the program, you'll be ready to take the ISA Certified Control Systems Technician exam and advance your career.

COURSES

- Shop Math*
- Industrial Controls 1
- Industrial Controls 2
- Industrial Controls 3
- Industrial Controls 4

START	END	DAYS	TIMES
9/9/2025	3/26/2026	T/R	5:30 PM – 9:30 PM
9/8/2026	3/25/2027	T/R	5:30 PM – 9:30 PM

MECHANICAL MAINTENANCE TECHNICIAN CERTIFICATE (MMTC)

 EVENDALE
  \$5,038
  192
 

This comprehensive program is designed to empower individuals with the essential skills and hands-on experience required to thrive in a mechanical maintenance position. The curriculum is tailored to cultivate expertise in the installation, upkeep, and resolution of industrial systems. Esteemed corporations place their trust in this program to furnish their apprentices with exceptional training.

COURSES

- Shop Math*
- Pneumatic Systems 1
- Hydraulic Systems 1
- Mechanical Drive Maintenance
- Bearings, Seals, and Lubrication

START	END	DAYS	TIMES
9/8/2025	3/23/2026	M/W	5:30 PM – 9:30 PM
9/7/2026	3/22/2027	M/W	5:30 PM – 9:30 PM

Industrial Maintenance certificate programs apply toward completing the Applied Technology Specialist Associate Degree at Cincinnati State.

* May be waived with successful completion of an assessment or by instructor's evaluation of past experience.

Industrial Maintenance Technology

PROGRAMMABLE LOGIC CONTROLLER TECHNICIAN CERTIFICATE (PLCT)

This program teaches individuals how to install, program, maintain, and troubleshoot PLCs in an industrial setting. It covers electrical ladder logic, processor configuration, Digital I/O wiring, and digital and analog concepts, including advanced programming and troubleshooting. The focus is on Allen Bradley SLC-500 and Compact Logic PLCs, Rockwell Software (RS Logic 500 & 5000), and Siemens processors and programming.

COURSES

- Shop Math*
- Industrial Electricity
- Electrical Ladder Diagrams
- PLC 1
- PLC 2

START	END	DAYS	TIMES
9/8/2025	2/25/2026	M/W	5:30 PM – 9:30 PM
9/9/2025	2/26/2026	T/R	5:30 PM – 9:30 PM
9/7/2026	2/17/2026	M/W	5:30 PM – 9:30 PM
9/8/2026	2/23/2027	T/R	5:30 PM – 9:30 PM

ROBOTICS TECHNICIAN CERTIFICATE

This program is a great opportunity for those looking to start a career in robotics. Developed by skilled industry professionals, it provides participants with the knowledge and hands-on experience needed to become entry-level robotics technicians. With extensive training on robot operation and control, the program focuses on practical applications that will prepare you for success in the field.

**Eligibility, restrictions and limitations may apply*

Ohio I TechCred

The TechCred program supports workforce development efforts in Ohio by reimbursing employers who upgrade their workers' skills.

Employers can be reimbursed up to \$2,000 per employee if their employees complete eligible technology-focused credentials.

Ohio | TechCred 

CINCINNATISTATE.EDU/WDC

* May be waived with successful completion of an assessment or by instructor's evaluation of past experience.

Industrial Maintenance Technology

PREVENTIVE AND PREDICTIVE MAINTENANCE

This six-week training program focuses on developing a preventative and predictive maintenance program to maximize machine uptime and departmental staff utilization. We also explore some existing technologies to help predict machine failures.

**For Enrollment Opportunities,
Call: (513) 569-1643 or
Email: askWDC@cincinnatiastate.edu**

MECHATRONICS TECHNICIAN CERTIFICATE

The Mechatronics program is an 18-month journey that encompasses four crucial components: Industrial Electrical Technician, Robotics Technician, Mechanical Technician, and the Mechatronics Capstone. You will be equipped with essential theoretical knowledge and practical skills to excel as Mechatronic Technicians. The program emphasizes hands-on training with a particular focus on troubleshooting.

Call (513) 569-1643 for Enrollment Opportunities

START	END	DAYS	TIMES
5/19/2025	3/17/2027	M/W	5:30 PM – 9:30 PM
5/18/2026	3/16/2028	M/W	5:30 PM – 9:30 PM

HUMAN MACHINE INTERFACE (HMI)

Join our six-week program to gain hands-on experience in programming and linking HMIs to PLCs. Learn to troubleshoot and design information efficiently while creating user-friendly screens. Unlock your potential in the field of HMIs with us.

**For Enrollment Opportunities,
Call: (513) 569-1643 or

Certified Industrial Apprenticeships

Enrollment Information

(513) 569-1643

askWDC@cincinnatiastate.edu

Apprenticeship programs include a collaborative effort between a company (or union) and a college to equip employees with the necessary skills for a skilled trade. They involve an On-the-job training (OJT) program complemented by structured training courses and programs. At WDC, we provide instruction for all courses listed in our catalog, as well as customized classes (as indicated below). Additionally, we help with the registration of your program with the State of Ohio Apprenticeship Commission.

BENEFITS OF AN APPRENTICESHIP PROGRAM

For the Employer

A highly trained and experienced workforce is a company's best asset. Apprenticeship programs can increase your bottom line by helping to retain and train your best employees, lower recruiting costs and turnover, and promote employee engagement.

For the Employee

Knowledge, skills, and experience are the building blocks for success. They are also the foundation for apprenticeship training. When individuals complete a registered apprenticeship program, they will possess the skills, knowledge, and experience needed to succeed in their chosen career.

APPRENTICESHIP OFFERINGS

- Hydraulics
- Pneumatics
- Mechanical Devices
- Coupling Alignment
- Electrical Theory
- Programmable Logic Controllers Industrial Controls
- Maintenance Laser Leveling
- Preventative and Predictive Maintenance Basics
- Computer Aided Design
- Basic Joining and Fabrication
- Mill and Surface Grinder Operations

Advanced Manufacturing Technology

Enrollment Information

Randy Haas
 (513) 569-4857
 randy.haas@cincinnatiastate.edu

Our hands-on program will provide you with the latest computerized manufacturing equipment and is taught in an accelerated format to help you advance your career.

CNC MACHINE TOOL OPERATOR (MO1)

EVENDALE **\$6,519** **210**

CNC Machine Tool Operator training provides foundational training in shop related math, machine shop safety, measurement, blueprint reading, manual milling, and statistical process control. The program prepares students through hands-on training and machining of various components.

COURSES

- Shop Math*
- Mechanical Plan Reading 1
- Advanced Manufacturing Safety
- Mechanical Manufacturing
- Introduction to CNC
- Statistical Process Control

START	END	DAYS	TIMES
5/19/2025	12/1/2025	M/W	5:30 PM – 9:30 PM
9/3/2025	3/30/2026	M/W	5:30 PM – 9:30 PM
1/13/2026	7/14/2026	T/R	5:30 PM – 9:30 PM
5/18/2026	12/2/2026	M/W	5:30 PM – 9:30 PM

CNC MACHINE TOOL PROGRAMMER (MO2)

EVENDALE **\$5,985** **208**

Upgrade your skills with the Machine Operator 2 Program. Get comprehensive training on CNC programming, from CAD/CAM basics to part inspection. Perfect for operators, machinists, engineers, programmers, and supervisors.

COURSES

- Mechanical Plan Reading II GD & T
- Computer- Aided Design (Solidworks)
- CNC Programming Fundamentals
- Computer- Aided Manufacturing (Mastercam)
- CNC Tooling and Maintenance

START	END	DAYS	TIMES
7/31/2025	1/29/2026	T/R	5:30 PM – 9:30 PM
7/28/2026	1/21/2027	T/R	5:30 PM – 9:30 PM

Many of our advanced manufacturing certificate programs apply toward completing the Applied Technology Specialist (ATSP) associate degree.

* May be waived with successful completion of an assessment or by instructor's evaluation of past experience.

Advanced Manufacturing Technology

CHEMICAL OPERATOR: LEVEL 1

 EVENDALE  \$1,650  75 

This industry-focused program, created in partnership with eight leading chemical and process manufacturing companies, offers practical technical training to help individuals become highly-paid technicians in the dynamic field of process technology.

Call (513) 569-1462 for Class Availability

CHEMICAL OPERATOR: LEVEL 2

 EVENDALE  \$1,650  75 

A continuation of Chemical Operator 1, Level 2 introduces students to new concepts, equipment, processes, and real-world training that are essential for students to be successful as highly-paid technicians in the process technology industry.

Call (513) 569-1462 for Class Availability

ADDITIVE MANUFACTURING TECHNICIAN 3D PRINTING FOR INDUSTRY

 EVENDALE  \$10,349  270 

The manufacturing world is experiencing remarkable transformation through the implementation of Additive Technology, also known as 3D Printing. Machines of all sizes are utilized in every manufacturing process, from creating prototypes and fixtures to producing complete units.

COURSES

- Shop Math*
- Mechanical Plan Reading 1*
- Advanced Manufacturing Safety
- Additive Manufacturing Machine Operation Fundamentals
- Industrial Applications of Additive Manufacturing
- Applied Project in Additive Manufacturing

COMPUTER-AIDED DESIGNED FOR MANUFACTURING

EVENDALE \$997 30

Computer-Aided Design assists professionals who want to upgrade their skills and prepares new students for entry-level jobs in computer-aided design (CAD). Students can gain proficiency with the popular Solidworks CAD Software package.

Dates subject to change.

START	END	DAYS	TIMES
8/28/2025	9/17/2025	T/R	5:30 PM– 9:30 PM
8/25/2026	9/17/2026	T/R	5:30 PM– 9:30 PM

ADVANCED MANUFACTURING SAFETY WORKSHOP

EVENDALE \$477 15

This course covers the purpose, responsibilities, and role of OSHA, hazardous communication standards, machine lockout/tagout standards and machine guarding standards.

Dates subject to change.

START	END	DAYS	TIMES
7/2/2025	7/14/2025	M/W	5:30 PM– 9:30 PM
2/24/2026	3/5/2026	T/R	5:30 PM– 9:30 PM
7/1/2026	7/13/2026	M/W	5:30 PM– 9:30 PM

* May be waived with successful completion of an assessment or by instructor's evaluation of past experience.

THIS CART IS INTENDED FOR EDUCATIONAL ROBOT TRAINING. NOT FOR COMMERCIAL OR INDUSTRIAL USE.

Advanced Manufacturing Technology

MECHANICAL MACHINING

 EVENDALE  \$3,055  90 

A course in manual machining operations such as drilling, tapping, milling, boring, turning, threading, and grinding. Students will operate manual milling machines, lathes, and surface grinders.

Dates subject to change.

START	END	DAYS	TIMES
7/16/2025	10/6/2025	M/W	5:30 PM– 9:30 PM
3/10/2026	5/21/2026	T/R	5:30 PM– 9:30 PM
7/15/2026	9/30/2026	M/W	5:30 PM– 9:30 PM

INTRODUCTION TO CNC PROGRAMMING

 EVENDALE  \$1,271  45 

A course on using a computer to write CNC machine G and M code. Topics include: using multiple tools; cutter offsets, linear, circular and helical interpolation and matching surfaces along lines and points of tangency to produce a part.

Dates subject to change.

START	END	DAYS	TIMES
6/10/2025	7/15/2025	T/R	5:30 PM– 9:30 PM
10/8/2025	11/12/2025	M/W	5:30 PM– 9:30 PM
5/26/2026	6/30/2026	T/R	5:30 PM– 9:30 PM

MECHANICAL PLAN READING 1

 EVENDALE  \$841  30

A course on becoming proficient at visualizing; using and interpreting mechanical blueprints.

Dates subject to change.

START	END	DAYS	TIMES
6/4/2025	6/30/2025	M/W	5:30 PM– 9:30 PM

MEDICAL ASSISTING (MA) APPRENTICESHIP

LaShawn Lancaster, MA Coordinator
 lashawn.lancaster@cincinnatiastate.edu

EVENDALE \$7,500 2,000

This program is designed to introduce students to the healthcare field and the key role of a medical assistant. Through this course, students will gain knowledge on medical ethics and laws, healthcare practices, and infection control. Moreover, they will learn how to perform administrative duties such as appointment scheduling, record-keeping, billing, and coding for insurance purposes. Additionally, they will gain insight into clinical tasks such as taking vital signs and medical histories, preparing patients for exams, drawing blood, and administering medications under the supervision of a physician. Upon completion of the MA Apprenticeship program, students can earn up to 18 credit hours and be well-equipped to make a meaningful difference in the healthcare industry.

Dates subject to change.

NATIONAL REGISTRY PARAMEDIC CONTINUING EDUCATION COURSE

 ONLINE  \$350  60

An online course that encompasses the required topics necessary to either renew a National Registry Paramedic certification or the remediation needed to continue testing for initial components as well as the State of Ohio requirements. The course is delivered via JB learning.

STATE OF OHIO PARAMEDIC CONTINUING EDUCATION COURSE

 ONLINE  \$300  48

An online course that contains 48 of the 86 hours needed to renew a State of Ohio Paramedic Certification. Included are the following required hours needed: 4 hours Geriatrics, 12 hours Pediatrics, 6 hours Cardiac, and 8 hours Trauma. The course is delivered via JB learning.

EMERGENCY MEDICAL TECHNICIAN CONTINUING EDUCATION COURSE

 ONLINE  \$250  40

An online course that covers 40 hours of training that students can choose between either National Registry renewal/remediation or State of Ohio certification renewal. The National Registry version contains the 20 NCCP requirements as well as topics required by the State of Ohio for renewal. This course satisfies the hours required to renew National Registry certification. The State course is the full continuing education requirement for certification renewal. This course is delivered via JB learning.

STOP THE BLEED

 EVENDALE  \$85.00  2

Minutes count! Someone who is severely bleeding can bleed to death in as little as 5 minutes. That's why bleeding control—keeping the blood inside the body—is the purpose of STOP THE BLEED® training. Class includes the Personal STOP THE BLEED® Kit - Enhanced. It empowers everyone to control life threatening bleeding from everyday emergencies using proven lifesaving equipment that complies with the guidelines set by Texas House Bill 496. The C-A-T® tourniquet in the kit is the same technology recommended by the U.S. military to control bleeding.

Goldman Sachs 10,000 Small Businesses

Enrollment Information

Sarah Allan
sarah.allan@cincinnatiastate.edu

Vanessa Sanchez
vanessa.sanchez@cincinnatiastate.edu

Cincinnati State's Workforce Development Center was chosen to deliver Goldman Sachs *10,000 Small Businesses* in Southwest Ohio because of our commitment to providing access and opportunity for customized business training.

Goldman Sachs *10,000 Small Businesses* is a \$750 million investment to help entrepreneurs create jobs and economic opportunities by providing them with greater access to education, financial capital, and business support services.

Businesses that Qualify

10,000 Small Businesses at Cincinnati State is seeking:

- Owner or co-owner of a business
- Business in operation for at least two years (by the time the cohort begins)
- Business revenues of \$75,000 or more in one of the past two fiscal years
- Minimum of two FTE employees, including the owner

Curriculum Design to Drive Business Growth

The curriculum, designed by Babson College and led by tenured Cincinnati State faculty, focuses on practical business skills that can immediately be applied by business owners, including negotiation, marketing, and employee management.

Participants, known as 10,000 Small Business Scholars, receive scholarships for a 14-session training program on how to grow their business, as well as one-on-one business advising and the opportunity to learn from other like-minded business owners.

Apply

Cincinnati State's seventh cohort is scheduled to begin January, 2026. The application deadline is October 2025.
